Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for Expanding Engineering with Nature Installation Capacity in fiscal year 2023.

The entity to receive funding for this project is the University of Georgia, 0712M Boyd Graduate Research Building, 200 D.W. Brooks Drive, Athens, Georgia 30602.

The funding would be used for the continued building of the U.S. Army Corps of Engineers Network for Engineering With Nature (N-EWN) initiative, which supports the development and deployment of research, technical assistance, and training in nature-based and hybrid infrastructure solutions through a vast network of university, public and private sector, and non-profit organization partners.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Earl L. "Buddy" Carter
Member of Congress
